LRA Celebrates Anniversary

Lumberton, March 22, 2007: This past month Lumberton Radiological Associates marked their 32nd year of providing outpatient diagnostic imaging services to Robeson County at their current location of 209 W. 27th Street.

“A lot has changed.” says Pam Humphrey, the first radiological technician hired by LRA. “The biggest difference is across the street. What’s now the hospital parking deck was just a few small offices.”

Since 1975, LRA has been through several renovations and additions. Plus they acquired the building next door, which used to be a dentist office, to house their Wellness Imaging Center. But when they first opened up, they offered limited services with a much smaller staff.

According to Terry Sawyer, employee’s handled a lot of different tasks “I did whatever I needed to do. I worked the front desk, answered the phones, worked with insurance and tracked down files. It’s hard to remember it all, it seems like so long ago”

Terry Sawyer, now Office Manager and Pam Humphrey RT-R,M are still with LRA today. Although Pam thought her career at LRA might be short-lived. She found out she was pregnant just a few days before she was supposed to start working.

For more information concerning LRA, please feel free to contact Mike DeCinti, Director of Marketing, at (910)738-8222 ext 258 or by e-mail at mdecinti@lraxray.com. Also please feel free to visit our website at www.lraxray.com.
